About us

Innomep is a professional MEP consulting engineering firm based in Calicut, Kerala. Specializing in Electrical, HVAC, plumbing and fire safety services for commercial building, residential, offices, hotels and shopping mall. It has been established by a group of professional engineers with a many years of experience in the industry. Innomep has built a reputation as an excellent and one of the best MEP engineering consultancy firms in Kerala. It has successfully delivered many prestigious projects across the country satisfying various customers. We bring in our engineers to offer cost-effective, time-bound and quality MEP services using the latest technologies to meet our client requirements. We offer a unified approach to fulfill a magnitude of services, delivering the promised specific requirements for each project with great excellent ability within the pre-established financial and time limits.

Innomep Engineering

Innomep Engineering is one of the efficiently designing MEP service providers in this heart of new age modern and complicated buildings. It is very critical that MEP services should be designed with detailed and latest engineering technologies. It specializes in MEP consulting and contracting and is owned by experienced, energetic, creative and young engineers. We believe in providing totally integrated and innovative engineering design solutions for the best performance of the building.

VISION

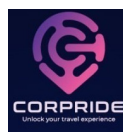

We are intended to help you every time and our expert staff ensures excellent service. Our vision is to become a world class MEP quality service provider ensuring sustainable environmental management using innovative and eco-friendly techniques. We build perfection, so you can get a product which complies with our quality standards.

MISSION

To become the most reputed and valued company by designing, planning, costing and implementation of Electrical, Mechanical and Plumbing services in eco-friendly and innovative ways that will enrich society needs. We will strive to be an effective progressive firm providing world class services. Customer satisfaction is the ultimate goal of our company.
